

NEW PRODUCT ANNOUNCEMENT

LU7103 UREA/DEF FILTER

To comply with new regulatory standards for emissions control, many commercial vehicles have Selective Catalytic Reduction (SCR) systems that convert harmful gases into harmless exhaust. These systems require annual replacement (120,000 - 150,000 miles) with advanced filtration solutions like the LU7103 from Luber-finer.

MEETS OE PERFORMANCE SPECS FOR:

✓ Flow Rate

✓ Filter Rating

✓ Capacity

✓ Final Filtration Efficiency

REPLACES THESE OE FILTERS:

Freightliner
A0001420089
A0001420289

Mercedes Benz
A0001420089
A0001420289

APPLICATIONS:

Freightliner	Mercedes Benz	Western Star
Cascadia	On-Highway	4700
Evolution	Trucks	4800
Coronado		4900

CROSSES TO:

Baldwin
PE5272

Fleetguard
UF104

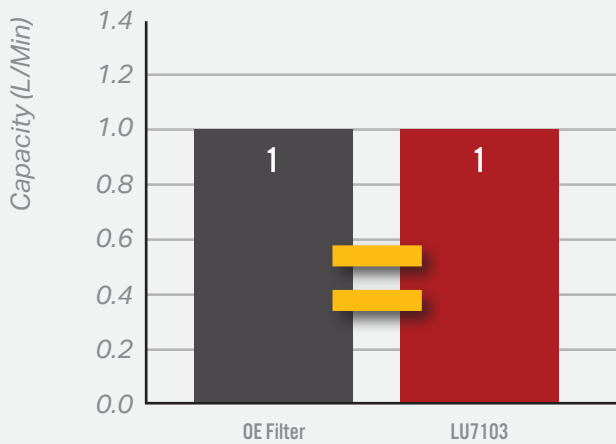

Mann/Hummel
U58/1 Kit

Hengst
E102U D179
